B4Stage4 Sponsor

MHAMC's B4Stage4 message states that mental health conditions should be treated long before they reach the most critical points in the disease process. We strive for prevention for all, early identification for those at risk, services for those who need them, and recovery as a goal.

End the Stigma Sponsor

MHAMC's End the Stigma vision imagines a just, humane and healthy society in which all people are accorded respect, dignity, and the opportunity to achieve their full potential free from stigma and prejudice.

Humanitarian Sponsor

Humanitarians of MHAMC have exhibited an extensive record of involvement in civic, charitable, and volunteer organizations; dedication to the improvement of human relations among diverse groups in our community; sustained commitment to humanitarian ideals; and a history of placing humanitarian concerns above self-interest.

Philanthropy Sponsor

MHAMC Philanthropists make a positive difference in their community and inspire others to contribute to the community in a meaningful way. Because of their generous and consistent support, MHAMC is able to provide programs and services at no cost to the community.

Child Advocacy Sponsor

Child Advocates for MHAMC elevate the voice of youth. They help children and youth find their own power from within and teach them to use it effectively.
